ANALYSIS / ADDITIONAL INFORMATION:

On December 6, 2007, Council approved the Decker Lake Road Extension Interlocal Cooperation Agreement between the City of Austin and Travis County. This project constructs Decker Lake Road from FM 973 to State Highway 130. As part of the agreement, the City agreed to pay one third of the construction cost in the amount of \$1,010,000.

City of Austin staff requested an increase in the road cross section depth in order to better address poor soil conditions. This extra road depth will cost an additional \$481,514. Because the extra depth is not currently required by the City's specifications, the County and developer have chosen not to participate in its funding.

Per the Interlocal Agreement, project costs are shared as follows:	Project Cost	City Share
Engineering divided equally between the County and the developer	\$ 461,000	\$ 0
Construction divided equally between the City, County and the developer	\$3,030,000	\$1,010,000
Extra depth road cross section funded by the City	\$506,869	\$506,869
Total	\$3,972,514	\$1,491,514

This project is managed by Travis County.
